Re: People St - West E St./Outdoor Plaza

Mr. Hernandez and People St:

I am writing to express my full support for the outdoor plaza application submission by Sharefest Community Development on the West E Street.

I am an immediate neighbor that supports this plaza and looks forward to the numerous benefits it will deliver to our community. We recently received a beautiful dog park in our neighborhood –the addition of this outdoor plaza would complement our dog park wonderfully, and would allow our community to engage and bond with one another in a splendid environment.

I strongly encourage and ask that you please prioritize and approve the application for this brilliant project.

Sincerely,

Justin Joe
